

FAA Safety Team presents:

## **Monthly IMC Club Meeting - Electrical Malfunctions**

You are making a short trip to a neighboring airport to do a VFR flight. When you get there, the weather does not cooperate. Just a short hop home with an IFR clearance. What possibly could go wrong?

IMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building proficiency in instrument flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. For IFR pilots, IFR students and anyone thinking about flying in the clouds. Bring iPad or other device to view instrument procedures. Click on the link below and register TODAY.

**Directions:** Seminar will be held in the WINGS of Carolina hangar facility.

As you enter the airport, turn right on Ammons Farm Road.

With the fence on the left, look for Wings of Carolina banner on left, turn into gate, Wings of Carolina building is on your left just before you enter the South airplane ramp. Aircraft parking available on ramp area.

**A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
